Harper's Restaurant Listed on "8 Hot Restaurants Near Charlotte"

Charlotte, North Carolina – October 19, 2015 – Harper's Restaurant has been featured as one of the [8 Hot Restaurants Near Charlotte](#).

LeafFilter Racing, the sponsor of the No. 8 [Leaf Filter](#) Gutter Protection Toyota Racing Camry, published an article featuring 8 restaurants to visit near Charlotte in honor of Charlotte being the town where Blake lives. In addition to featuring Harper's, the compiled list features restaurants and tourist attractions such as The Blue Note Grill.

Harper's took the no. 3 spot on the list, and LeafFilter had great things to say about our restaurant. Here's an excerpt from the article:

"Casual dining and American cuisine. The perfect combo. This restaurant offers a great mixture of snacks, light meals, casual entrees and hearty fancier dishes. If you have a craving for something, chances are you can get it at Harper's. If you're torn with all of your options, you can't go wrong with a thin crust Margherita Pizza"

Marissa Eisenbrei, LeafFilter Racing's Community Outreach Manager, gave some insight as to why she chose to feature Harper's on the list:

"Harper's reminds me of everything I love about eating," Eisenbrei said. "I love having options, and I don't like to be limited. I chose Harper's for the list because pretty much whatever you're craving, you can have. I respect that in a restaurant"

We are excited about this nomination and cannot wait to share our food with NASCAR fans who stop in!
